Please note:

**No refund** is available on or after 21<sup>st</sup> May if you are **disinclined** to travel.

(please read [Terms and Conditions](#))

## Working together

*What will happen if my child has to quarantine in the UK at the end of their course?*

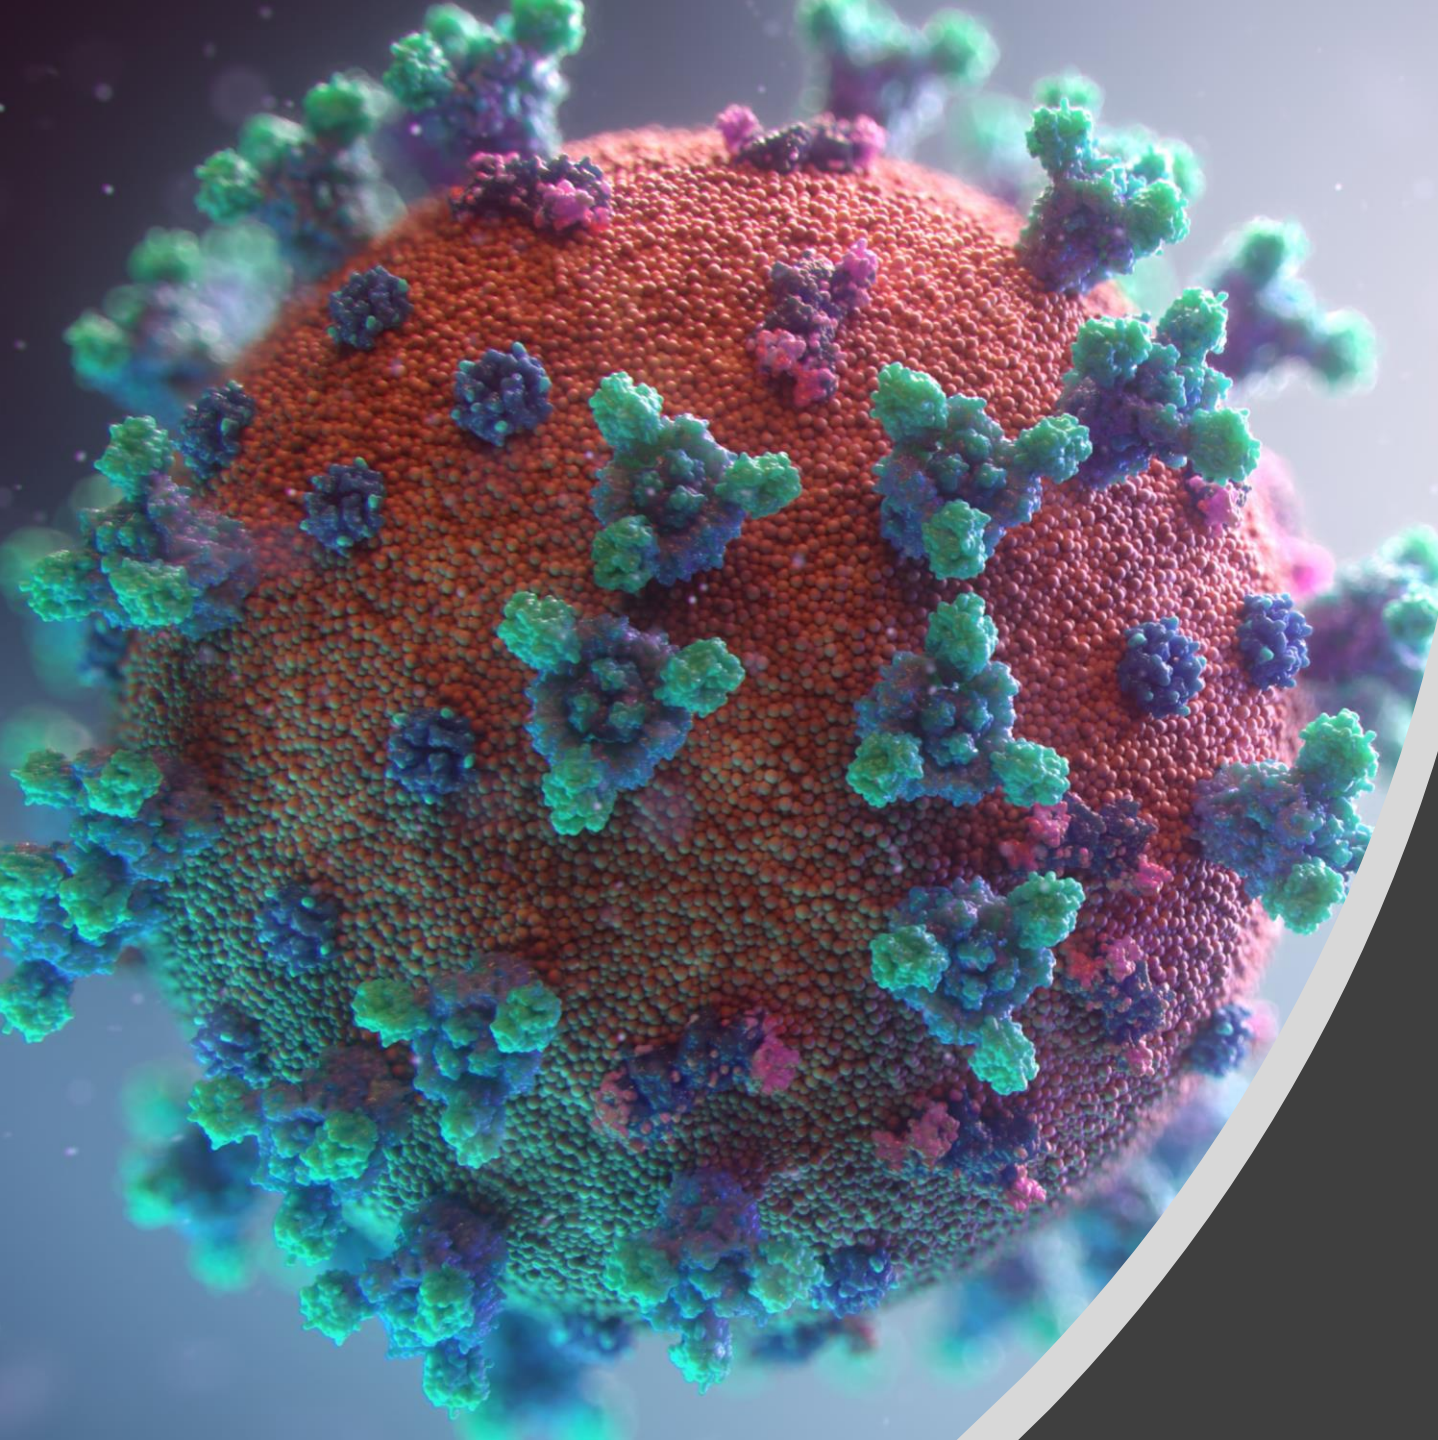

**If** your child cannot fly back to their country on their day of departure because they have tested positive for Covid-19, or because they have been in close contact with somebody who has Covid-19 and must, according to UK government Covid-19 regulations, isolate, **More Than English will pay the extra costs for staff, food and accommodation for the first 3 days.** After that, parents will have to pay a small contribution of £60 per day only.

In addition, parents will have to pay an extra fee for an unscheduled airport transfer, which More Than English will organize at the lowest possible price. In addition, parents will be responsible for purchasing a new flight.

(please read [Terms and Conditions](#))

Please also read the next slide about our student insurance

✓ Included in the price

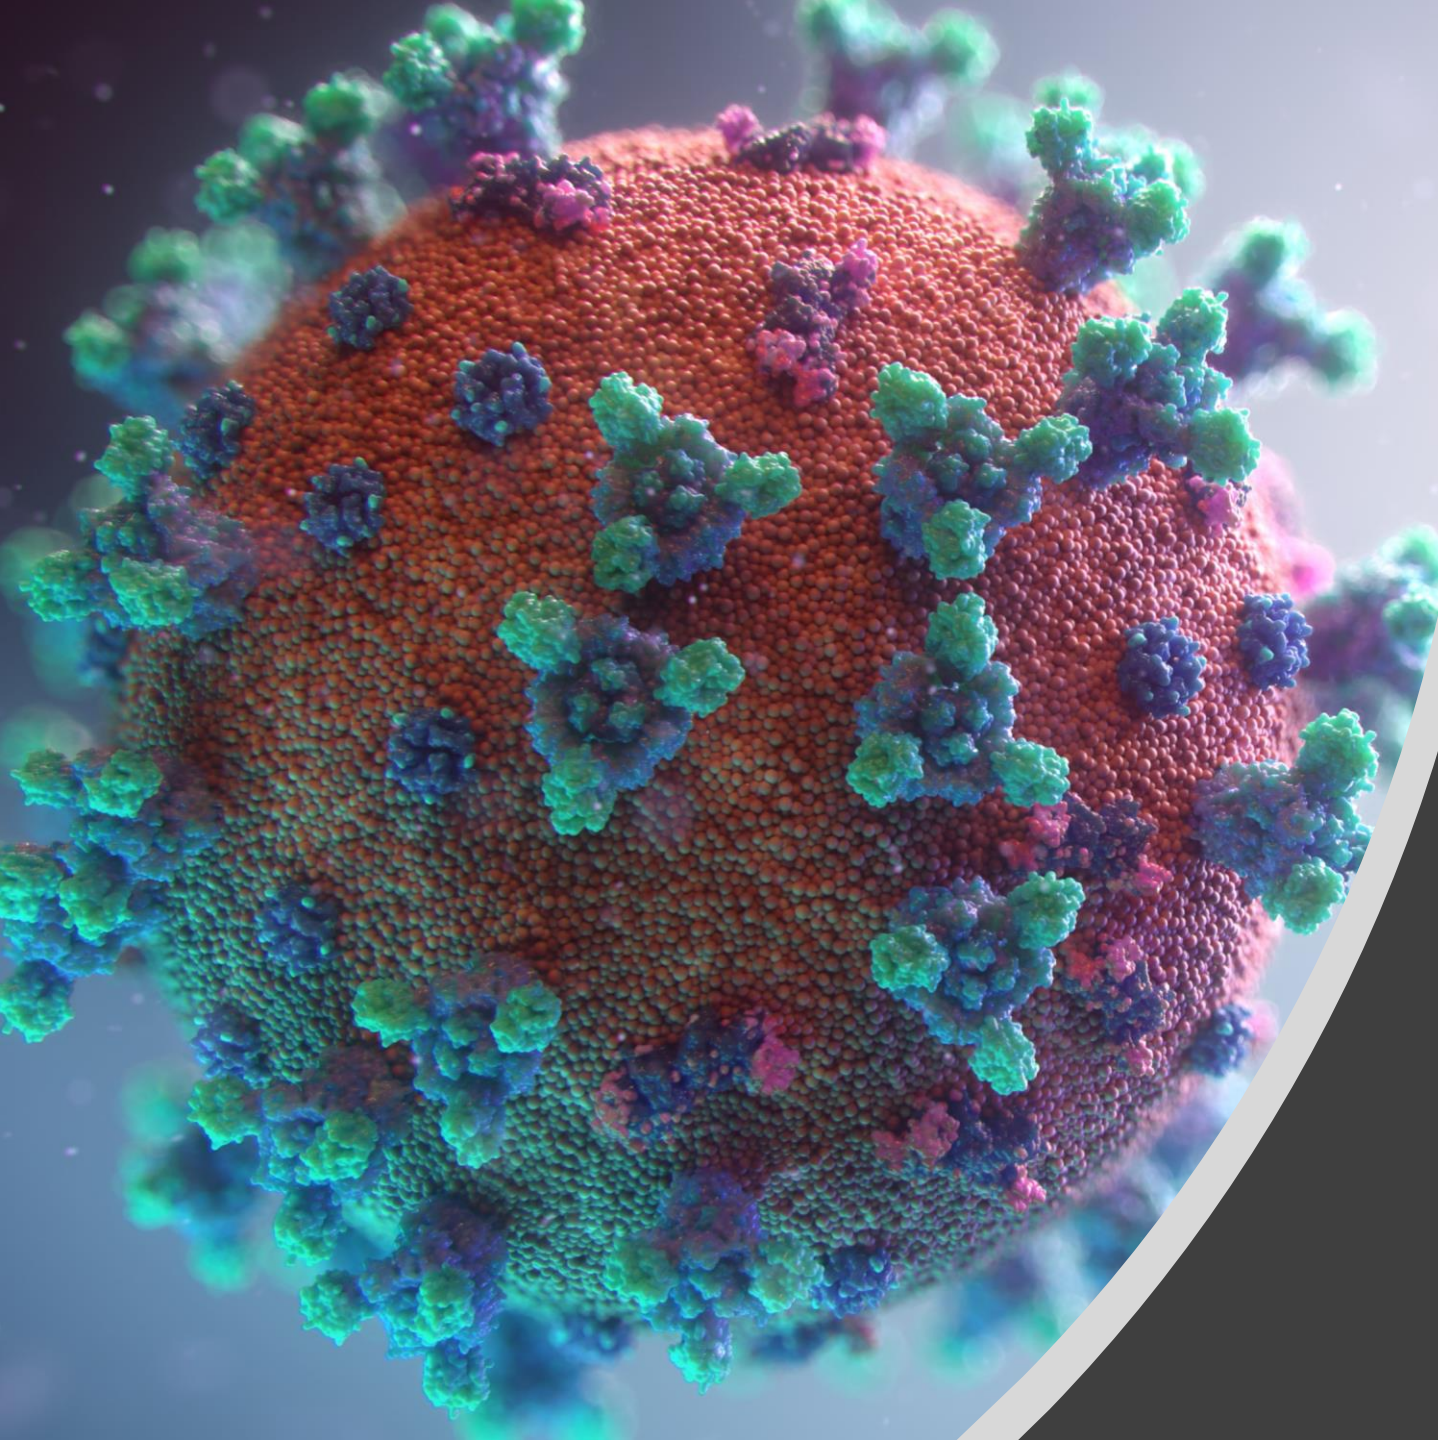

# Student insurance package ✓

Included in the price

Parents **will** be able to **apply** to claim back expenses relating to **end of course Covid-19 related quarantine**, in the UK using the student insurance package included for every student by More Than English.

Please note: the insurance company will assess each case individually based on the evidence and More Than English is not responsible for whether our insurance company makes a decision to 'pay out' or 'not pay out'.

## A team you can trust:

In 2020 More Than English had to cancel summer school because of Covid-19. We gave parents a choice: postpone or receive a 100% refund of all money paid.

Most parents chose a refund and we refunded all the money. A small number of parents chose to postpone.
